ADVAITH ACHARYA

+91 6361473453 | advaith.23cs005@sode-edu.in | Kundapura, Udupi, 576201

PROFESSIONAL SUMMARY

Computer Science Engineering student (CGPA: 8.5) specializing in secure, full-stack application development and scalable system architecture. Experienced in building robust RESTful APIs, engineering reliable backend workflows, and integrating advanced AI/computer vision models. Driven to build secure, enterprise-grade software products that solve complex real-world data and monitoring challenges.

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, JavaScript, TypeScript, C
- **Frontend Development:** React.js, HTML5, CSS3, Tailwind CSS
- **Backend Development:** FastAPI, RESTful API Development, Backend Workflow Design
- **Databases:** MongoDB Atlas, SQL
- **Libraries and Tools:** Git, Github, Docker, Postman, OpenCV, MediaPipe
- **Core Concepts:** Data Structures and Algorithms, Object-Oriented Programming, API Integration, Database Management, Problem Solving

TECHNICAL PROJECTS

- **CarePulse | Smart Patient Monitoring System:**
  Built a full-stack monitoring system utilizing OpenCV and secure FastAPI routing to detect patient distress via CCTV and trigger low-latency emergency escalations.
- **Krypton | AI Security Gateway & FinOps Dashboard:**
  Engineered a zero-trust backend gateway and dynamic React.js dashboard using strict fixed-point accounting to intercept malicious requests and visualize real-time token telemetry.
- **LifelineMesh | Emergency Resource Protocol:**
  Developed a real-time tracking backend and multi-tenant API routing protocol to synchronize critical medical resource data across distributed healthcare facilities.

HACKATHONS & COMPETITIVE ENGINEERING

- **MITK AI VISION 24H Hackathon (Consolation Prize):** Engineered an AI-driven computer vision solution under strict 24-hour time constraints at **MITK, Kundapura**, recognized as a **top contender** for technical execution and architecture.
- **National & Regional Competitions:** Consistently reached final evaluation rounds for rapid prototyping and software execution in the **Smart India Hackathon, Anveshana Prototype Competition, Matrix-Fusion Hackathon, Ayush-Habba, Hackothsava, CodeMeet, and Hack.io.**

EXPERIENCE

- **QSPIDERS | UPCOMING INTERN (TRAINEE) | STARTING FEBRUARY 2027**
  Selected for an intensive 3-month corporate training program focusing on modern software development frameworks and industry-standard coding practices.

EDUCATION

- **B.E. in Computer Science Engineering | 2023 – 2027**
  SMVITM, Bantakal | CGPA: 8.5

- **PUC / 12th Grade | 2021 – 2023**
  RNS PU College, Kundapura | Percentage: 86%

- **SSLC / 10th Grade | 2018 – 2021**
  Govt High School, Basrur | Percentage: 95%

EXTRACURRICULAR ACHIEVEMENTS

- Recognized and appreciated by prominent figures including Justice Santosh Hegde and notable cine artists.
- Winner of multiple district and state-level awards in drawing, singing, and elocution.
